

FOR PAVING THE STREETS

Committees Recommend Work That Will Cost Seventy-five Thousand.

BONDS ARE TO BE ISSUED

Miss Margaret Brunet Elected Queen of the Carnival—Fourth District Committee to Meet.

(Special to The Times-Dispatch.)
PETERSBURG, Va., Sept. 10.—The Joint Committees of the Board of Aldermen and Council on Public Improvement and Finance last night decided to recommend the paving with sheet asphalt of the unfinished portions of the roadway of Washington Street, between Sycamore and West Streets; Sycamore from Millers to the Heights; Franklin from Sycamore to Jefferson, all of Bank Street, and the unfinished portion of High Street.

The total cost of the work will be \$75,000, and President Patterson will call a special meeting of the Council for Tuesday to consider the proposition. It was approved by the Council, a four per cent. bond issue of \$75,000 will be authorized. It is likely that the matter will be considered by the Board of Aldermen at its regular meeting on Monday night. It is not contemplated to expend \$75,000 this year, and the same amount next year in improvement of the city's roadways and pavements.

Miss Margaret Brunet has been elected queen of the carnival, and has her choice of a gold watch or a trip to the St. Louis Exposition.

SINKING FUND.
Every issue of Petersburg bonds save those issued for the purchase of the old Carolina and Virginia Railroad, has a sinking fund attached to them, which provides the money to retire the bonds. The maturity of the new issue of \$150,000 four per cent. bonds, proposed at Thursday's meeting of the Council, will also have a sinking fund to retire them at maturity, and will be paid in fifteen cents on \$100 in city values, but it is by no means certain that the ordinance issuing these new bonds will become a law, as the city is amply able without that issue to provide the street improvements now proposed.

The Democratic Committee of the Fourth Congressional District will meet in this city on next Tuesday, when the returns from the election of tobacco will be canvassed and the winner announced.

The Rev. Dr. H. E. Johnson, of Richmond, Va., will preach to-morrow at the High Street Methodist Episcopal Church, and at the morning service a new ball-pipe organ will be dedicated. This organ is a large and handsome one, and will be presided over by Miss Lucy E. Weisiger, a most talented musician.

Among the new improvements proposed to the church is a handsome chandelier, which was presented by Mr. R. N. Partin, and will be used to-morrow night for the first time.

Rev. Dr. James P. Smith, of Richmond, Va., will conduct services and preach to-morrow at the Second Presbyterian Church in this city.

PETERSBURG HANDBOOK.
Several weeks ago the Petersburg Chamber of Commerce issued an interesting and valuable book, generally descriptive of Petersburg, its history, business interests and notable landmarks. The publication has been a great success, and a large number of applications for copies have been received from all over the United States.

It is stated here on most reliable authority that an offer of about \$13,000 was recently made for Center Warehouse and declined. This is one of the best situated tobacco warehouses in Petersburg and has been under the management of Mr. T. J. Gillis, and was recently leased by Mr. T. J. Gillis, and will be open for tobacco sales this season.

It is understood that Mr. Thomas B. MacInn has purchased the house on Jefferson Street belonging to Mr. Thad. M. Woody for about \$5,000.

To be Official Hostess.
Mrs. H. A. Atkinson has gone to Washington, where she will make a brief stay, after which she will return to St. Louis, where she will be one of the official hostesses at the Laurel-Inspect II.

ORDER A NEW GIG.

Virginia Boat Club Closes Season at High Tide of Prosperity.
The Virginia Boat Club, of this city, has had the most successful season in its history. The club, which was organized in 1892, has now reached the high tide of its prosperity. The club has a large and handsome new gig, which was ordered at a handsome modern barge gig which will be delivered in time for next season, and this with a handsome four-oared shell, bought last year, will provide all the race boats desired and put them on equal terms with the rowing clubs of Baltimore, Washington and Philadelphia and place them ahead of anything in the South.

Besides the four-oared gig, the club will order during the winter a new ball-boats on the cat-boats, and several handsome pleasure craft. These will complete the equipment of the club house. The club has appropriated \$500 out of its treasury for the purchase of the gig, cat-boats and pleasure boats, and they will be bought soon.

There are now 117 active members and 33 life members of the Virginia Club, and it now has more well trained oarsmen than at the close of the season for the past ten years. The season, which closes with September, will have been the most successful in the history of the club. Next year the outlook is promising for a great regatta, probably at West Point or in Virginia waters somewhere.

The crowd is confined in the Sussex Jail, a wooden structure, and the detectives fear they will make their escape. An effort will be made to have the gang removed to Petersburg for safety.

CARNIVAL IN MANCHESTER

Under the Auspices of the Fire Department—Must Raise One Thousand Dollars.

THE ORIGINAL CLUB MEETS

To Invite Judge Parker—Big Supper—Horse Delays Trains Three Hours.

Manchester Bureau, Times-Dispatch.
No. 1102 Hull Street.
A meeting of the Fire Department was held last night to consider propositions from Mr. J. S. Berger, representing the Hatcher-Adams-Berger Carnival Company, for the holding of a carnival on the 28th of September, under the auspices of the firemen. The proposition in effect is that the department raise the sum of \$1,000 to partially defray the incidental expenses of the company, provide lighting and secure a license from the town.

Mr. Berger spoke at length on the advantage of bringing the carnival to Manchester and met with a favorable response from all present. It was agreed that the firemen proceed with the raising of the sum required by calling on the merchants of the city and to lend all the aid otherwise possible. The matter will be taken up early to-morrow morning, and the day's canvassing will probably decide whether the carnival is to come to Manchester. It is likely that the proposition will meet with a ready and favorable response.

Original Club.
The original Parker-Davis-Lamb Club held an enthusiastic and well-attended

meeting last night. Mr. D. L. Toney, Mr. White, president of the club, and Mr. W. H. Evans, of Richmond, delivered addresses to the assembly. It was decided to hold a large meeting sometime within the next thirty days, which a supper would be given, music dispensed and prominent speakers invited to address the club. Donations for the feast were invited and received a ready response.

Another committee was appointed to invite Captain John Lamb, of Richmond, D. L. Toney and W. H. Blount were appointed a committee to draft a letter to Judge Parker, inviting him to speak before the club at some convenient date.

The next meeting will be on September 24th. The supper committee will meet at D. L. Toney's on Tuesday night.

A horse of Mr. Herman Schmidt, of Richmond, broke out of a pasture in Swansboro yesterday and attempted to run across the Petersburg trestle bridge of the Atlantic Coast Line. The horse went about twenty yards safely, and then fell becoming entangled in the timbers of the bridge. Here the animal formed an obstruction that would have wrecked any train. Fortunately the telegraph operator, John Bevel, in the switch house saw the horse running over the bridge and telegraphed both ways, stopping all trains. A squad of men drove the nearby were detailed to remove the horse from the track. It proved a difficult matter, as the bridge is very narrow, and there was danger of being knocked from the bridge to the water below. The horse was finally disentangled, his legs tied together and was dragged to a place of safety. No one, however, had the horse reached the end of the bridge, and he somehow got loose from the workmen, and tied up as he was, rolled headlong to the bottom.

CHARGES MISREPRESENTATION.

"On June 28, 1901, an article was published by the Boston News Bureau which, I am reliably informed, came from T. Jefferson Coolidge, Jr., one of the syndicate managers, which said: 'The Seaboard Air Line Company is in need of \$500,000 of new money, and the plan to form a holding company whereby it will be possible to raise this additional money is practical, and will undoubtedly be carried out whether or not Mr. Williams favors it.'

SYNDICATE CHARGES FRONT.
New fact their efforts to keep down the price of Seaboard stocks, and John L. Williams and Sons, the syndicate managers have turned a complete somersault and are endeavoring to buy the Williams-Allen holdings, for which they subsequently paid 15 and 25. There is no doubt that the stock was thrown on the market by the Ryan-Blair syndicate for the purpose of manipulating prices, for I have identified many of the stock certificates which were sold through certain New York brokers employed by the syndicate managers as being the same certificates that were delivered by the company to the Blair-Ryan syndicate on account of their subscription to the three year 5 per cent. bonds, notwithstanding the fact that it had been given the most solemn assurance that the stock was not to be used for the purpose of manipulating or raiding the market, but that it would be held by the syndicate for a long pull, so as to reap the benefit of the enhanced value which would come with the growth and development of the property."
